Definitions

Partner:

A partner is defined as a member of a domestic partnership which is either a legal or interpersonal relationship between two individuals who live together in the same domicile and share a common domestic life but are neither joined together by marriage or a civil union. Partners are each other's sole domestic partner and intend to remain so indefinitely; maintain a common residence evidenced by a valid voter registration, driver's license, or vehicle registration; and share responsibility for a significant measure of each other's financial obligations.

Immediate Family:

A member's immediate family shall be their spouse or partner, child and or stepchild under the age 26, attending school or college and are considered as a dependent of the member.
