# Docks & Boat Rack Guidelines

January 2021

**GLOCESTER COUNTRY CLUB**  
**DOCKS & BOAT GUIDELINES**

The following guidelines and procedures pertaining to the effective operation of the Gloucester Country Club (GCC) are issued for the benefit of all members. In recent years at GCC it has become apparent that, with an influx of new members, procedures and practices must be re-evaluated for applicability today. The Board recognizes the heterogeneity of our membership and the variety of interests which need to be accommodated. These procedures attempt to be responsive to the wide range of interests of our membership. For members, their families, and guests to derive maximum enjoyment and pleasure from our Club, the Board requests everyone's cooperation in complying with these rules. However, it is impossible to address every contingency. In most cases using common sense and respecting the rights of other members will suffice. These procedures may be changed from time-to-time by the Board. Any questions may be referred to any member of the Board.

**I. BOAT DOCKS AND BOAT RACKS**

- A. The Beach and Docks Chairman is responsible for overseeing boat docks and boat rack activity at GCC.
- B. Docks/Rack Renters are required to sign a GCC Dock Agreement. Renters who fail to abide by all rules contained in the agreement shall be subject to dock/rack forfeiture and/or other sanctions determined by the Board.
- C. Of the 10 dock spaces, one will remain for the use of transients. Such space shall be used on a "first come, first served" basis. Said transient dock cannot be used overnight.
- D. Docks/Racks are rented on a yearly basis with previous year's renters having right of first refusal. A waiting list will be established by the Beach and Docks Chairman. Order of membership seniority will be used as the basis for the next available dock followed by a lottery for the second, continuing in that order until all docks/racks are rented.
